

Many Atos Medical products are eligible for Medicare Assignment pricing which means less out-of-pocket costs! Atos Medical agrees to accept Assignment on the products listed below. We will not ask for payment at the time of order instead an invoice will be issued once your insurance(s) process your claim and determine Patient Responsibility. For assigned products patients with Medicare Part B coverage pay only 20% of the assignment pricing determined by Medicare once deductibles are met. For those who have a secondary insurance plan that pays for your Medicare copays and deductibles there may not be out-of-pocket costs for these items.\*

\*Insurance coverage payment co-payments deductibles and other restrictions vary depending on beneficiary's policy and medical need. Medicare may not cover products provided by Atos Medical while the beneficiary is in a hospital at a skilled nursing facility or receiving hospice or home health care services. Those providers may have to order the products from Atos Medical and submit a claim to Medicare for reimbursement.
